

# Google Maps for vTiger

Maps extension module add Google Maps support to three vTiger modules: Accounts, Opportunities and Trouble Tickets.

The module can be accessed from top menu: *Tools* → *Maps*.

The geolocalization system uses billing address for Accounts and shipping address for Contacts.

A blue marker  represents the vTiger Company: the address can be changed in *Settings* → *Company* details.

Any other entity is showed as a red marker.   
The map can show every filter created in Accounts, Opportunities and Trouble Tickets.
